

Index to THE CLASSICAL WEEKLY, Volume XXVIII

October 1, 1934—May 20, 1935

This Index has been prepared by me along the lines followed in the General Index to Volumes I-XVI, and in the separate Indexes to Volumes XVII-XXVII.

The name of an author and the title of an article are given in full only once, at the place where the author's surname appears in the alphabetical sequence. The title of a book reviewed will be found in

full only where the name of the author appears in the list given under the caption "Reviews".

In determining the places of certain items in the general alphabetical sequence, or the places of items within a group or a paragraph, certain initial words, "An" and "The", "Der" and "Die", are disregarded.
